**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am both a consumer and business owner who uses a competitive local broadband provider. Broadband is crucial to my small consulting business. My provider gives me excellent low cost service and I fear that if competition in this market is erased, I will no longer be able to get the same level of service at a competitive price. I strongly support maintaining a free and open market for these services and competition in this market.
